An Operating Permit authorizes groundwater production for the 12 month permit term indicated.

**VI. Authorized withdrawal for
term of permit: 25,000,000.00
gallons**

(Based on requested or historic use
and not limited)

CONDITIONS OF PERMIT:

- Groundwater produced will be put to beneficial use at all times
- Groundwater will be used at the physical location of the well, unless otherwise noted on the approved application.
- Failure to pay production fees as required or conform to the permit conditions or rules of the District may be cause for revocation of the permit.

APPROVED THIS DAY 11/22/2019

Meters should be monitored monthly to avoid exceeding authorized withdrawal. To avoid overage fees, a permit amendment should be requested if readings indicate pumpage may exceed the authorized withdrawal during the permit term.
